

# STRONG BROS.

THE LARGEST ESTABLISHMENT OF THE MOST MODERN HOUSE FURNISHINGS

## Quality Prices

In welcoming you to our magnificent Thirty-fifth State Fair we take pleasure to invite you for the thirty-fifth time to the same "Old Reliable" store, occupying the Strong Block, on the corner of Second Street and Copper Avenue. We are displaying the largest, up-to-date and most complete line of the very latest patterns and styles in—

FURNITURE CARPETS AND RUGS  
DRAPERY AND SCRIMS  
LINOLEUM WINDOW SHADES  
CROCKERY GLASSWARE  
BASE BURNERS HEATING STOVES

Come and see us, whether you are prepared to buy or just to look around. We like to renew old acquaintances and make new friends.

Mail Orders Will Receive Prompt Attention

## A Few Words from Visitors to New Mexico Fair Upon Matters of All-State Interest

### A Hard Job of Judging.

"The art exhibit is far superior to that of any other state fair ever held in Albuquerque," said Mrs. A. C. Cooley of State College, who is one of the judges in this display. "The women of New Mexico are taking a deep interest in the state fair this year as their exhibit shows. We have exhibits from a majority of the counties in the state. The fancy work display is a most complete one and shows what the women of this state are doing in this work."

The judges have found their work a most difficult one in selecting the winners in the art exhibit hall. There are so many exhibits that are about equal in quality and workmanship that it is hard to choose the winner. We want every woman who comes to the fair to visit our exhibit hall and look over the work."

### All the Way From Winona.

"I have come all the way from Winona, Minn., down to Albuquerque to view," said Mr. Carlson, the owner of College Gent, Strathell and others. "They are having just as good harness races at the Albuquerque fair as I have seen this summer. The large purses have attracted the cream of the western track grounds. Next year there will no doubt be many times the number that are now gathered at the oval."

### Likes Our Fine Stock.

"New Mexico is producing some fine livestock," said Colonel Dobson of Des Moines, Iowa, who is the judge of the horse show exhibit. "I have attended a number of state fairs this summer but I want to say right here that Albuquerque is right at the front when it comes to raising good livestock. The horses here are very fine specimens, while I have never seen so many good sheep. The cows and bulls are an example of what can be raised along this line in New Mexico."

Mr. Collins is connected with the Prudential Life Insurance company and is returning home with his family in an automobile from the California expositions. They will remain here, however, during the week to visit the fair.

### HELPFUL WORDS

From an Albuquerque Citizen.  
Is your back lame and painful?  
Does it ache especially after exercise?

Is there a soreness in the kidney region?

These symptoms suggest weak kidneys.

If so there is danger in delay.

Weak kidneys get fast weaker.

Give your trouble prompt attention.

Dean's Kidney Pills are for weak kidneys.

Your neighbors use and recommend them.

Read this Albuquerque testimony. Mrs. Louise Burnett, 365 West Silver Avenue, Albuquerque, says: "One of my family has had back trouble. This one had known Dean's Kidney Pills for a long time and began using them. They quickly made a cure and there has been no trouble since."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Dean's Kidney Pills—the same that Mrs. Burnett recommends. Foster-Milburn Co., Newark, N. J.

**Pure Grande Republic:**

Dona Ana county has passed through the talking stage of the dairy business and has commenced to do things. During the last ten weeks there has been over \$25,000 gone out of our valley for dairy cows and breed stock. The people here realize that through the dairy cow the alfalfa can be marketed to best advantage and the farmers are gradually quitting mining their land and are going to farming it.

The best part of the dairy agitation is that the cows are coming from real dairy centers such as Iowa and Wisconsin and are high grade cows, some of them nearly pure breeds."

### Santa Fe Likes It.

"Santa Feans who have visited the Albuquerque fair seem delighted with the attractions offered," said Bert Clancy of Santa Fe. "The exhibits are far superior to those previously shown in this state. The horse races

are great and the rodeo is excellent."

Tom Mix Says "Fine."

"Albuquerque certainly has a carnival of attractions for the state fair visitor this year," said Tom Mix, the movie star who is here with his troupe of performers from Las Vegas. "I think one of the most interesting attractions I have seen is the Clovis girls' hand. It is a great feature of the fair. Then the drills of the Rosedale cads are remarkable. In all I think the fair is a humdinger."

Find Indians Interesting.

"To my mind the most interesting place to the easterner at the state fair is the Indian exhibit and the Navajo sand painters," said Walter F. Collins of New York City, who was a visitor at the fair grounds today. The redskins are always interesting to the easterner because of the way they live.

The display of Navajo blankets, silverware, the work of the Indian potters, are all attracting great interest among the strangers in your city. But the county exhibit hall is also well worth a visit. I was indeed greatly surprised at the products that can be produced in New Mexico. It is a land of sunshine and promise for the homeseeker and practical farmer."

Mr. Collins is connected with the Prudential Life Insurance company

and is returning home with his family in an automobile from the California expositions. They will remain here, however, during the week to visit the fair.

DO YOU KNOW that Grant county produces gold, silver, copper, lead, zinc, iron, alum, mica, chalcocite and turquoise?

DO YOU KNOW that Grant county produces one hundred million pounds of copper per annum?

DO YOU KNOW that the Chino Copper Company of Santa Rita and Hurley are one of the largest copper producers in the world?

DO YOU KNOW that the Phelps Dodge Company have millions of tons of copper developed in their Burro Mountain mines?

DO YOU KNOW that Pinos Altos is constantly shipping an enormous quantity of gold, silver and zinc ore?

DO YOU KNOW that the Lordsburg district and the S. Mine are among the largest producers of copper?

DO YOU KNOW that the Porterfield Turquoise Mine produces the finest turquoise in the world?

DO YOU KNOW that Silver City, New Mexico, has the most perfect climate in the world for the treatment of tuberculosis?

DO YOU KNOW that the altitude of Silver City, 6,000 feet, is a good average for the consumptive?

DO YOU KNOW that the average rainfall in Silver City is 14.65 inches per year, based on records kept by the weather bureau for 32 years?

DO YOU KNOW that the humidity is low, 48 to 50%—therefore Silver City has no "sultry" days in summer, nor "raw" days in winter.

DO YOU KNOW there are no mosquitoes and no malaria in Silver City?

DO YOU KNOW that Silver City is the richest city or town per capita in the state of New Mexico?

DO YOU KNOW that Silver City has a population of 4,500?

DO YOU KNOW that Silver City has excellent school facilities? There is a State Normal, a public school housed in a new building costing \$10,000, and a convent.

DO YOU KNOW that Silver City has a modern sewer system?

DO YOU KNOW that Silver City within 40 days will have paved streets and ornamental lights?

DO YOU KNOW that the Santa Fe Railroad has erected at a cost of \$25,000, a new passenger depot in Silver City?

DO YOU KNOW that Silver City is the most picturesque and wonderful auto route trip on the borderland automobile route for transcontinental travel?

DO YOU KNOW that Silver City is the County Seat of Grant County, the Treasure House of the State of New Mexico?

DO YOU KNOW that Silver City is the center of a rich mining and stock raising community, with a population of more than 26,000 tributary to it?

DO YOU KNOW that the famous Payson and Mineral Hot Springs are within easy distance of Silver City?

DO YOU KNOW that at Silver City are located a number of the leading private sanatoria of the United States?

DO YOU KNOW that the government, with its three service installations, has been clearing the trail for the past fifteen years? The trail now leads to the Silver City region, where can be found every known helpful factor in the treatment of tuberculosis. Follow the Government lead and "hit the trail!"

## FIRE WORKS MAKE TEN STRIKE WITH STATE FAIR CROWDS

Great Audience Last Night Sees Magnificent Display by the Willson Fireworks Company, First of Three Night Shows.

### TWO MORE DISPLAYS READY TO BE GIVEN

W. T. McCreight who Arranged for Sensational Feature, Heartily Congratulated on its Success.

The fireworks display put on at state fair grounds last night by the Wilson Fireworks company of Los Angeles, the first of three such displays to be given during state fair week, has been unanimously and enthusiastically classified as the greatest single fair amusement feature ever presented in this city. From start to finish the display, which was chiefly a marine picture in fire, was amazing for its magnitude, for the accuracy of its timing and for the spectacular results produced by the intricate arrangement of explosives.

The display was under the personal direction of W. H. Wilson of Chicago and was arranged for by William T. McCreight, whose success in bringing it here brought him many hearty congratulations last night and today. The Wilson company cancelled an important engagement in Omaha to come to the New Mexico fair.

Doubt was expressed, when fireworks were proposed, as to their value as a fair feature. After the first few minutes of the great display last night all doubt disappeared, and it was one enthusiastic mass of commendation from the crowd which filled the grand stand and overflowed around the track and field.

Another fireworks display will be given tomorrow night, the final display to be given Friday of Saturday night, the time not having been definitely determined.

**MOHAIR GROWERS WONDER WHERE THEY FIGURE IN SCHEME**

The mohair growers of New Mexico have been contributing for years to the support of the sheep sanitary board for the benefit of the wool growers, and without receiving any benefit themselves is the statement made today by E. D. Tammann of Sierra county.

"These are in our county," said Mr. Tammann, "a considerable number of men who raise Angora goats and their combined wealth, on which they pay taxes, runs into six figures. None of these men own any sheep and they do not keep any sheep with their herds. And Angora goats do not suffer from scab or similar diseases and afflictions of the sheep. Yet these Angora goat owners are under the present law required to pay the annual tax for the sheep sanitary board. Not one penny of any return. It is a dead loss, every cent of it."

## DO YOU KNOW GEORGE SURE, EVERYBODY DOES?

"Do Guy What Made Izzy Busy?" Now a Full Fledged Screen Star.

There isn't anybody from a newsboy up in any town boasting more than a thousand inhabitants west of Pittsburgh, who doesn't know George Sidney, and who hasn't known him for a good many years.

A lay liver leads to chronic dyspepsia and constipation—weakens the whole system. Dean's Regulets (25¢ per box) act mildly on the liver and bowels. At all drug stores.

**Factory Wood Kindling**

AZTEC FUEL CO.

PHONE 251

George Sidney, Famous Comedian, Now a Gaumont (Mutual) Star.

"Do guy what made Izzy busy," they call him. And that is because George Sidney created the famous role of "Busy Izzy" in the comedy of that name, which has visited every town in the west. In fact, Sidney is just about the creator of the Jewish comedian type on the stage. With "Busy Izzy" and his funny pranks, the comedian established the popularity of the Jewish comedian in all the cities in the United States.

George Sidney in his famous role, has just completed a motion picture version of "Busy Izzy" for the Gaumont Company, which will be released through the Mutual Program. This picture will serve not only to introduce Sidney to the Mutual screen, but will introduce a brand new form of picture from the ever-growing studio of the enterprising Gaumont Company.

## SPEED PROGRAM OF STATE FAIR IS RIGHT UP TO THE MARK

Opening Day's Events Yesterday Strictly According to Specifications as Advertised, Say Horsemen.

### ANOTHER GREAT CARD GOING THIS AFTERNOON

Five Starters for the Three Minute Trot, with the Pollock Entry Pinewood, Singled Out a Winner.

(By CHECKERS.)

Two harness and two running events are on the speed program for this afternoon. While the fields are small there are some fast horses entered and the events give promise of being closely contested.

The first event scheduled is the 2 1/4 pace which has drawn a field of seven sidewheeler, who will accept the issue. The field consists of R. W. May, Ansel, Rambler, Champ Clark, Andrew Jackson, Prince Albert, and Mayfield. Betting in the overnight totals was spirited. Mona Ansel sold favorite at \$5 and the field, including R. W. brought \$5. The latter was then made the favorite and brought \$5 and the field, including Mona, \$5. There was a large number of tickets sold in this race.

Five trotters will compete for the word in the three minute trot which will be stepped better than 2 1/2 in the opinion of the rail birds. Pinewood, the entry of three year old Mr. Pollock, is a starter in this race. The station is said to have stepped mare in trials better than 2 1/2.
